Put SSD into your pocket

Pretec's Rex 300 USB 3.0 flash drive marks a new breakthrough in the area of USB flash drives, providing unmatched capacities up to 128GB, at a record speed of blazing 200MB/second.

i-Disk Rex 300 is a real combination of style and technology with its unique card shape measuring only 8mm and classic hair line treatment enhancing the metallic glow of the surface. With small size and amazing performance, i-Disk Rex 300 allows users to easily carry it around, and slide it into their pocket after use. The special outlook-thin, small, and soft line let you enjoy hi-speed and simple fashion at the same time. It truly brings convenience to people's life on the go.

Pretec furthermore provides a wide range of speedy and capacity combinations to offer solutions for the advanced amateur and users.

Features:

- Capacity: 32GB, 64GB, 128GB
- Performance: High read/write speed up to 200/175 MB/s.
- Removable USB 3.0 connector on main body
